ORCHARD CONTINUES HIS CRIMSON STORY

Almost Every Crime In the Calendar for Star Witness.

18 MURDERS; BIGAMY AND ARSON

As to the Steunenberg Murder, Orchard Swore It Was Plotted by Haywood, Pettibone and Himself—Haywood Appears Unconcerned.

Boise, Idaho, June 8.—Harry Orchard crowned his admissions of grave crimes Thursday when, continuing his case against William D. Haywood, he made an explicitly detailed confession of the murder of Frank Steunenberg by an infernal machine that directly opens the way for his own conviction ad execution for the offense. He swore that the assassination of Steunenberg was first suggested by Haywood, was jointly plotted by Haywood, Moyer, Pettibone and himself; was financed by Haywood and was executed by himself, after the failure of an attempt in which Jack Simpkins had participated.

Orchard lifted the total of his own murdered victims to eighteen, detailed the circumstances under which he tried to murder Former Governor Peabody, Judge Goodard, Judge Gabbert, General Sherman Bell, D. H. Moffatt and Frank Herne. Incidentally he confessed to a plan to kidnap the child of one of his former associates.

Then, under cross-examination by the defense, Orchard confessed guilt of the sordid social crimes of deserting his young child and wife in Ontario, fleeing to British Columbia with Hattie Simpson, the wife of another man, and committing bigamy by marrying a third woman at Cripple Creek.

Through the shocking details of murder plots, stories of secret bomb-making and details of man hunts, with sawed-off shotguns and infernal machines as weapons, the witness went on in the same quiet, off-hand manner that marked his demeanor on Wednesday.

His voice dropped to a lower key as the pitiful story of the long hunt for Steunenberg narrowed down to the last day, and he told of the race from the hotel to the home to beat his victim, with the death trap, and the meeting in the evening gloom, as the victim walked unconsciously to his doom. Through it all he winced but once, and that was when the defense made him name his six sisters and his one brother, and give their residences in Ontario and New York.

The defense fought the story with a multiplicity of objections and succeeded in heading off an attempt to tell the story of the murder of Arthur Collins, at Telluride, and temporarily shutting out the contents of a telegram received and telegram sent by Orchard after his arrest. But for the rest, the state managed to get in its story intact.

There were the same precautons and the same armed guards to protect Orchard, and the same court room scene except that among the spectators the women to men were as two to one.

Orchard finished his direct examination at 2:35 o'clock and the cross examination had only reached down to the Coeur d'Alene days of 1899, when the court rose.

Counsel for Haywood claim they will be able to prove that what Orchard has stated is untrue. It is even claimed that they will, or can produce, people who will say that they themselves committed murders of which Orchard accuses himself.

Haywood, the man whom Orchard pictures as the arch conspirator, shows little concern. He even laughs outright when asked what he thinks of the testimony. He asserts positively that the connecting of his name with the murders is a falsification, and that Orchard has connected him with the crimes partly out of spite and partly at the suggestion of detectives and enemies of the Western Federation of Miners. It is not known yet if Haywood will go on the stand in his own defense. His counsel say they do not know that this will be necessary, as they have so much with which they can discredit Orchard's testimony.

Mr. Darrow expects the case to last until August 1, but the general opinion of counsel is that it should be concluded within five weeks from now.

HAIL STORM IN MERIWETHER.

Crops on About Fifty Farms Were Totally Destroyed.

Greenville, Ga., June 8.—A fierce western hailstorm struck this county at 4 o'clock Thursday afternoon, entering the county on the western border near Odessadale and passing along the trail of the cyclone that visited Greenville in 1893. The storm was accompanied by a strong wind that uprooted many trees and terrific lightning and thunder. Its track was about one mile wide. The loss to farmers is estimated at $50,000. Hail fell in such quantities that it covered the ground to a depth of several inches.

Crops of cotton and corn and gardens were totally destroyed on about fifty farms.

Capital Stock Must Be $100,000.

Atlanta, June 8.—No life insurance company can engage in business in Georgia with a capital stock of less than $100,000, according to a decision rendered Thursday by Attorney General John C. Hart, in response to a request from Secretary of State Philip Cook. Under section 2013 of the civil code all life insurance companies are required to have a paid in capital of $100,000 invested in good securities such as government bonds. Mutual and co-operative companies are, of course, excepted.

K. of P. Convenes at Jamestown.

Norfolk, Va., June 8.—The supreme assembly of the uniform rank, Knights of Pythias, convened in annual session at Jamestown exposition on Thursday. Two amendments were offered at the opening session, one changing the style of the uniform, bringing it nearer to the standard of the United States army, and another providing for a revision with radical changes in drill regulations. These were referred to proper committees. Both amendments are favored and probably will pass at this session.

Solomon Gets Freedom.

Atlanta, June 8.—After being constructively deprived of his freedom for twenty-two years as the result of a bond holding to answer for a homicide, Mark Solomon, a well known Atlantic Coast Line engineer, was Thursday given his absolute freedom by action of the prison commission and the governor. Solomon's case is one of the most remarkable that has ever come to the attention of the prison commission.

One Wreck Victim Will Die.

Nashville, June 8.—The wreck which ocurred on the Southern railway near Lebanon, Tenn., Wednesday, has been cleared away and regular traffic has been resumed. There are twenty-one victims of the wreck in the hospitals here, only one of whom, Mrs. R. P. Mattox, of Granville, Tenn., whose spine was crushed, it is thought, will die. Her condition is serious.

Major R. J. Bacon Dead.

Albany, Ga., June 8.—Last Wednesday night at his home in Baconton, 20 miles south of this place, occurred the death of Major R. S. Bacon. His death was due to a general breakdown from old age. Major Bacon was close to eighty years old. He was the uncle of Senator A. O. Bacon and was one of the most prominent citizens in south Georgia.

Bond Election at Columbus.

Columbus, Ga., June 8.—City council has ordered a bond election for September 10 on the question of issuing $75,000 of bonds with which to build a steel or concrete bridge at Dillingham street. The bonds will be of the $500 denomination and will run for thirty years, being retired at the rate of $2,500 a year. The issue will probably carry when submitted to popular vote.

WALDO IS PROSPEROUS.

Is Now Being Lighted With Acetelyne Gas, Which the People Enjoy.

The good people of the town of Waldo believe in prosperity, and will no longer have to experience the habit of falling over blocks, goods boxes, etc., on their way home from a friend, or from a night's shopping.

Recently an acetelyne gas plant has been installed, including a plant in the Waldo House, of which W. E. Thigpin is manager. Mr. Thigpin, appreciative of the service, on Wednesday evening gave a dance which was largely attended, and the young people of Waldo and vicinity are under obligations to Mr. and Mrs. Thigpin for their hospitality.

THE COTTON CROP.

Indications Are That Yield Will be Heavy the Coming Season.

Indications are that the cotton yield during the coming season will be one of the heaviest in this section of the State for several years.

Notwithstanding the fact that this section of the State suffered a long and disastrious drought, affecting all crops, the cotton stands, while somewhat late, give promise of a prolific yield. This is especially true as regards the West End and the Alachua section, where those in a position to know state that the crop will be exceptionally good.

How People Lose Their Money.

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money, and sometimes their lives.

How People Save Their Money.

By depositing it in a good, reliable bank. Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.

KNOX WOULD ACCEPT IF HE IS NOMINATED

Appreciates Action of Keystone State In Indorsing

HIM FOR THE PRESIDENCY

United States Senator Says He Has Not Sought the Endorsement—The City of Washington Greatly Interested in the News.

New York, June 8.—United States Senator Philander C. Knox, of Pennsylvania, has announced his willingness to become a candidate for the presidency in 1908 should the Republican party see fit to nominate him.

Senator Knox's position was made known in expressing his appreciation of the action of the Republican state convention at Harrisburg, which endorsed him as a candidate for that office.

Senator Knox, who is stopping at the Waldorf-Astoria, learned of his endorsement by the Harrisburg convention, through the press dispatches. Having read these, including an abstract of the platform adopted, he said to a representative of the Associated Press:

"I am deeply sensible of the great honor done me by my fellow Republicans of Pennsylvania.

"In their convention, composed of delegates elected directly by the people, they have increased my many obligations to them by coupling with the endorsement of the admiration of Theodore Roosevelt, the suggestion of my name as his successor.

"I have too profound a sense of the dignity of the chief magistracy and too intimate a knowledge of its labors and responsibilities to have sought this endorsement. If, however, the wishes of Pennsylvania Republicans and the reasons they assign for their action should commend themselves to the national Republican convention, I would accept its action with full appreciation of its import."

Senator Knox added that he would have nothing further to say at present concerning his candidacy. Accompanied by Mrs. Knox, he has been visiting friends here.

Washington, June 8.—The announcement of Senator Knox, in New York, that he would be willing to become a presidential candidate in 1908 if the party nominated him, created much interest here. Mr. Knox's announcement was communicated to the president who read what the senator had to say, but he made no comment thereon.

PEABODY'S LIFE THREATENED.

Former Governor of Colorado Receives Anonymous Letters.

Kansas City, June 8.—James H. Peabody, former governor of Colorado, who is here on business, said Thursday night that he had since the Haywood trial in Boise began, received several anonymous letters threatening his life. He said he had paid no attention to the letters because they evidently did not come from responsible sources.

"It would be very injudicious on my part to make a statement about this man Orchard's testimony, or about the Haywood case," continued Mr. Peabody. "I've been subpoenaed as a witness in the case and I'm only waiting a telegram calling me to Boise to testify. I wish I might state just what my testimony will be and what I know about the case and these various threats and charges, but I don't want to do a thing that could be construed in the light of trying to create any prejudice in the Haywood case."

Fell 1,000 Feet; Dashed to Pieces.

Barcelona, June 8.—As the balloon Cirerso ascended from the gas works here Thursday a glazier took hold of the cord evidently wishing to make the ascent with the Count of Mendoza and his brother, who were in the carriage. The balloon ascended rapidly to a height of 1,000 feet when the man lost his grip and fell to the ground. He was picked up dead by some peasants.

GAINESVILLE LEADS IN CANTALOUPES

Melons from This Section Are of the Finest Quality.

THE CROP WILL BE LARGE

It is Estimated by Staff Correspondent of The Packer That 50,000 Crates Will be Moved by Gainesville Melon Growers' Association.

(From The Packer, New York.)

Gainesville, Fla., May 31.—Gainesville is named the "Central City," no doubt because it is nearly the center of Florida, but there are other reasons for which it might be called the "Central City," as it certainly is the center of progress in Florida at the present time in city improvements. A few years ago Gainesville was a little village with deep sand and bad sidewalks, while today it has miles of the finest cement walks, hard stone streets and all other up-to-date city improvements. The country surrounding is hilly and the farm lands are of the best, and as the farmer is the real producer of wealth, this is no doubt the main cause of Gainesville's rapid growth and improvement. Nearly everything in vegetables, fruits and general farm produce is grown here, but this section is particularly noted for its fine quantity of cantaloupes

The Gainesville Melon Growers' Association, C. A. Colclough, president; J. D. Stringfellow, vice-president, and F. D. Warner general manager, secretary and treasurer, alone shipped last year 38,644 crates of cantaloupes and expects to ship 50,000 this season.

Among the growers here are the following: D. L. Graham, beans and cukes, now shipping; S. H. Wienges, cukes and beans; F. D. Warner, general shipper and grower, 350-acre peach orchard near this place and 20-acre orange grove on Lake Griffin; F. C. Crown, cantaloupes, eggplant, tomatoes and fine peach orchard with fruit now ripe; D. W. L. Barton, cukes, cantaloupes, eggplant and peppers; Henry Ramsey, general merchant, grower, buyer and shipper; J. D. Stringfellow, 100 acres of cantaloupes in company with C. A. Colclough, while Mr. Colclough has 50 acres additional. W. S. McDowall is not a grower but is representing W. J. & S. H. Davenport of New York, and J. P. Wilson of Philadelphia, and handles a vast amount of fruits and vegetables for these firms. Mr. McDowall is also a general buyer and shipper to all markets. L. E. Means has 3 acres of irrigated cukes of fine quality, now shipping, also cantaloupes, squash and tomatoes. Henry J. Bailey has 20 acres of fine watermelons which he wishes to sell f. o. b. Gainesville, also beans and other vegetables. W. G. Carter has 2 acres of irrigated cukes, now shipping. H. C. Roth has 5 acres of cukes, now shipping, 12 acres of cants, ready for market in few days, and a fine field of beans. L. L. Hill is a buyer, shipper and general broker in fruits and vegetables.

A MANUFACTURING ENTERPRISE.

Denham Manufacturing Co. Prepared to Make Millions of Bricks.

One of the latest manufacturing enterprises in Gainesville is the Denham Manufacturing Company, of which W. L. Denham is manager.

The concern has equipped its plant with the latest modern brick machinery, and has a present capacity of 10,000 per day, which will be increased from time to time as the occasion and demand requires. The firm proposes to manufacture from sand, clay, cement and chemicals, an assortment of as fine bricks, and color or shade, and almost any pattern desired, as can be found in the country. These bricks will be manufactured under the McDonald process, which is patented by the foreman of the plant.

The first consignment has been turned out, and would be a credit to any plant, being firm, and of uniform weight and proportion.

The Denham Manufacturing Company promises to prove one of Florida's most important industries.

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

MARSHAL ARNOW IS CLEVER.

By Shrewd Work He Recovered Handsome Necklace Which Was Stolen.

Marshal Benj. T. Arnow is demonstrating his ability for shrewdness every day. His latest success in this direction was the recovery of a valuable necklace and the apprehension of the party alleged to be connected with the taking of the same, and for which the owner of the necklace, a visiting young lady, is very grateful to the officer.

On Wednesday the necklace was missed. During the day a quartette of colored men were employed about the house, engaged in moving some furniture.

Marshal Arnow was at once notified, and when apprised of the presence of the quartette of negroes, arrested John Goth, one of the number. Goth denied stoutly any knowledge of the missing necklace or its whereabouts. He was placed in the city jail, after which it did not require long for him to consent to escort Marshal Arnow to the place where the jewelry was hidden.

Goth insists that he was not guilty of the theft of the necklace, but that he was aware it had been stolen, as he saw one of his companions take the necklace and conceal it.

After the property was recovered, there being no evidence to prove that Goth was guilty of theft, he was released—but Marshal Arnow's action in the matter brought about the desired effect.

BROUGHT A PRISONER.

Henry Dixon, a Negro, Wanted in Madison County for Embezzlement.

Henry Dixon, a negro wanted by the Madison county authorities upon a charge of embezzlement, has been arrested by Deputy Sheriff John Osteen near Hines, in the West End, where Dixon has been employed for some time.

Dixon was brought to Gainesville and placed in prison, and the officers of Madison county have been notified. An officer is expected for the prisoner at any time.

In the Mayor's Court.

For being asleep in his vehicle on the street, John Montgomery, a hackman, was arrested Wednesday night, and was arraigned in the municipal court Thursday morning.

The mayor assessed the defendant a fine of $1 and costs, with the admonition that it would have been much easier and much less expensive to have hired a bed. The fine was paid and the defendant released.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

EXAMINATION PAPERS STOLEN.

Some Said to Have Been Sold to Negroes at $25.

The Tallahassee correspondent of the Jacksonville Times-Union says:

"State Superintendent W. M. Holloway and the Southern Express Company officials are busy investigating the mysterious disappearance of a package containing the printed questions for the June examinations. On the 27th of May Mr. Holloway sent out to the superintendents of the various counties the examination questions. The packages were put up under the personal supervision of Mr. Holloway's office force. Mr. McIntosh, the chief clerk, accompanied the janitor with the packages to the express office and delivered them to the agent, taking a receipt for each package. Mr. King, of the local force of the express company, went down to the depot on the express wagon and personally checked the packages to the messenger. Mr. George F. Scott, superintendent of public instruction for Bradford county, failing to receive his package of the questions, notified Mr. Holloway that they had not come.

"A second package was forwarded to him which he has received. Mr. Holloway notified the authorities of the express company and efforts are being made to trace it up.

"In the meantime Mr. Holloway was informed that a negro doctor of this county was selling sets of the examination questions to negroes of this county for $25 a set. At first Mr. Holloway was inclined to doubt the statement, but his informant insisted that such was the fact and offered to get a copy of the questions, upon which comparison was found to be a verbatim copy of the questions sent out from the State superintendent's office. He has obtained the copy from a negro woman who claimed that she had paid this negro doctor $10 for them with a promise to pay him $15 additional when she began teaching.

"Mr. Holloway and the express officials are using every effort to obtain evidence that will fix the guilt upon whoever stole the questions. Detectives are at work upon the case. The theft of the questions will probably cause Mr. Holloway to throw out the examinations for all negroes in Leon county, and may possibly cause the entire examination all over the State to be thrown out. At present it is impossible to say whether the distribution of the questions is local or general. Every precaution has been taken to prevent any questions being stolen. The printing of them is done at a different point each year, and is kept secret."

HARMFUL STOMACH DOSING.

The best physicians believe that the less medicine one swallows the better.

Do not try to cure catarrh of the head by dosing the stomach; this is neither common-sense nor scientific. Breathe Hyomei, and its medication will go right to the spot where the catarrhal germs are present and free the system from all catarrhal poisons.

J. W. McCollum has seen so many cures of catarrh made by Hyomei, some of them chronic and complicated cases, that he gives an absolute guarantee of cure or money will be refunded with every outfit he sells. The complete Hyomei outfit costs but $1.00.

Death of Waldo Man.

Archer H. Priest, age fifty-five, and one of the most widely known residents of the East End, died at his home in Waldo Wednesday of Bright's disease.

Deceased was born and reared near Melrose, and has lived in the section in which he was born practically all of his life. He has been in Waldo for the past fifteen years or more.

Mr. Priest was a member of the Methodist church, and a prominent Mason. The funeral was held in Melrose Thursday, the services being conducted by the Masonic fraternity.

Deceased is survived by a devoted wife, to whom the sympathy of the community is extended.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

S.S.S. PURELY VEGETABLE

S. S. S. is recognized everywhere not only as the best of all blood purifiers and the greatest of all tonics, but the one medicine that can be taken with absolute safety by everyone. Young or old, those in robust health, or those whose systems are delicate and run-down, may use it with the same good results, and equally without fear of any unpleasant or injurious after effects. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic Dyspepsia, unfavorably affecting the bowels, and so deranging the system otherwise, that even if the original disease had been removed from the system it is left in such a weakened and deranged condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. It is made entirely of the healing, cleansing extracts and juices of roots, herbs and barks gathered directly from the forests and fields of nature, under our own supervision, and when they reach our laboratory contain all their original valuable tonic and blood purifying properties. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral in any form. Being made entirely from these vegetable ingredients S. S. S. is absolutely harmless to the system, and while curing disease adds health and strength to every part of the body. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood troubles by removing the cause and supplying the circulation with health-giving and strength-producing qualities.

CHARGED WITH EMBEZZLEMENT

Was Arrested at Leesburg Under Warrant Sworn Out by Representative of the American Surety Company. Bond Fixed at $3,000.

John W. Jolly, former agent of the Atlantic Coast Line at Leesburg, who was arrested on Wednesday upon a charge alleging embezzlement, was arraigned before Judge Milam at Tavares, and the following telegram from Tavares, the county seat of Lake county, will prove of interest to readers of The Sun:

"John W. Jolly, until recently the trusted agent for the Atlantic Coast Line Railroad Company, at Leesburg, was arrested this morning by Sheriff Murrhee, who brought the prisoner here for a preliminary examination before Judge J. B. Milam. This arrest was made at the instance of the American Surety Company of New York, which is on the bond of Jolly, for whom two warrants were issud, one of which charges him with having embezzled $2,148 and the other warrant is for the alleged forgery of eight receipts purporting to represent that number of money packages aggregating $1,317, which Jolly claimed to have forwarded by the Southern Express Company for deposit with the East Florida Savings and Trust Company, in Palatka. The shortage was discovered by G. W. Watkins, the traveling auditor, who says that when he confronted Jolly with these receipts he broke down and confessed that he had forged the names of the express messenger in the hope of deceiving the auditor and thus cover up his shortage. The defendant was arraigned before Judge Milam and was held in default of bail in the sum of $3,000, to await the action of the grand jury at the October term of the circuit court."

DEATH OF MRS. RICE.

Well Known High Springs Lady Passed Away Suddenly.

High Springs, June 6.—Mrs. Elizabeth Rice, aged eighty-three years, died at the residence of her son, J. G. Rice at High Springs, after one day's illness, June 2nd at 4:05 p. m.

Deceased was a member of the Methodist church from childhood, and a Christian woman, doing good to all with whom she came in contact.

She is mourned by two sons, J. G. and G. Rice, and two daughters, Mrs. M. A. Gould of Jacksonville, and Mrs. Charles Cameron of Columbia City, Washington, and their children. Interment was held at High Springs, Monday.

Helping Hands Society.

The Helping Hands of the Presbyterian church held a pleasant meeting on Wednesday afternoon at the home of Miss Lizzie Bradford. After finishing up the business for the summer and paying all their indebtedness for the year, the society adjourned until October.

Miss Bradford proved a most pleasant hostess.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by all druggists.

Sewer Work Progressing.

Work on the sewerage system continues to progress favorably, a large force of men being engaged on the job.

Contractor Beeman has experienced a great deal of trouble in securing labor and material, but everything is working smoothly now, and he expects to complete the system within the present month.

Colic and Diarrhoea.

Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. It acts as a regular medicine; makes the scalp healthy. Then you must have healthy hair, for it's nature's way.

DR. HAY AGAIN HONORED.

Decree of Doctor of Divinity Conferred by Davidson College.

Rev. Thos. P. Hay, pastor of the First Presbyterian church, has again been honored, this time by Davidson College, Davidson, N. C., which institution has conferred upon him the honorary degree of Doctor of Divinity.

It will be remembered that Dr. Hay enjoyed a similar honor a few days ago from Rollins College, Winter Park, where he delivered the commencement address.

Under date of June 3, Dr. Henry Louis Smith, president of Davidson College, writes Dr. Hay as follows:

"I drop a line to convey the official information that the faculty of Davidson College at the recent commencement, with the consent and approval of the board of trustees, conferred upon you the honorary degree of Doctor of Divinity.

"Please accept my sincere congratulations and assurance of my great pleasure in transmitting to you this information."

Dr. Hay's friends throughout the State will congratulate him upon his great honor, coming from one of the leading colleges of the South.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

North Gainesville Deal.

Rev. Wm. Carpenter of Providence, R. I., who has been in this section for the past few weeks, has exemplified his confidence in the future of Gainesville by purchasing a cozy six-room cottage from A. O. Steemburg in North Gainesville, and will make his home permanently here.

Mr. Carpenter has made himself quite popular here, and his numerous friends will be glad to learn that he has decided to become a Gainesvillean in fact.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

THE UNION DEPOT IS ALMOST ASSURED

Committee of Engineers Expected to Confer With City Committee.

SEVERAL LOCATIONS SELECTED

The Committee from the Board of Trade Will Confer With Engineers, and There is Little Doubt but That Desirable Location Will be Selected.

The committee recently appointed by the Board of Trade to confer with the engineers of the various railroads entering the city has written the railroads requesting them to send their engineers to Gainesville to meet the committee not later than June 13.

This means that in the matter of the railroad union station there will be "something doing" right away, and that the proposed union station will be erected during the regular course of time.

It will be remembered that several days ago there was a joint meeting of the board of trade, the citizens of Gainesville and the representatives of the various railroads in the city, at which time it was decided to appoint a committee to confer with the railroad men in reference to the construction of the depot.

This committee consists of B. F. Hampton, who is chairman, S. J. Thomas, J. H. Jarvis, W. B. Taylor and E. E. Cannon. These gentlemen will meet the railroad engineers, and with them will investigate the various places which have been selected as desirable locations. The selection will probably be made on this visit.

That Gainesville needs a union passenger station there is no doubt. The engineers will probably agree, and there is little doubt but that we will get what we need in a few months.

TO BATTLE CREEK.

Perry M. Colson Will Enter Sanitarium in Effort to Regain Health.

Mr. and Mrs. Perry M. Colson and Dr. and Mrs. J. F. McKinstry, Jr., expect to make their departure today for Battle Creek, Mich.

Mr. Colson has been in ill health for some time, and goes to Battle Creek Sanitarium with the hope that the change will prove beneficial to him, which is the sincere wish of his numerous friends throughout the State.

The party will be joined en route by C. W. Chase, who was compelled to leave a couple of days in advance in order to attend to some business matters.

INDIGESTION A CRIME.

It is a positive crime to continue suffering with the ills of indigestion, such as headaches, backaches, heaviness, nausea and distress after eating, specks before the eyes, despondency and nervousness, now that we tell you of the good Mi-o-na stomach tablets will do.

Mi-o-na will strengthen all the organs of digestion, so that you will get from your food the nourishment that is needed to support the vital forces and strengthen the nerve powers.

DUNLAP PHINNEY SHOT AT RALEIGH

Was Instantly Killed by Man by Name of Lowman.

TROUBLE BREWING SOME TIME

Last Year Phinney Shot and Seriously Wounded One of the Lowmans, and the Tragedy of Saturday Night Was the Outcome of This Trouble.

Raleigh was the scene of a tragedy about dark Saturday night which cost Dunlap Phinney, a well-known resident of that section, his life, Phinney having been shot and instantly killed by a man by the name of Lowman.

There has been trouble between Phinney and the Lowmans for some time, and during last year Phinney shot one of the Lowmans. The tragedy Saturday night was the outcome of this trouble.

No particulars of the shooting could be secured, but the information was verified.

DEATH OF MRS. ROLFS.

Mother of Well Known Gainesville Man Passed Away in Iowa.

The following is taken from The Miami Metropolis of the 5th inst., and will prove of interest to readers of The Sun:

"Mrs. P. H. Rolfs received a telegram today from Prof. Rolfs, who is in Iowa, announcing the death of his mother, Mrs. Mary Rolfs, at her home in that State. Prof. Rolfs was at his mother's bedside when the last moment arrived in his mother's life, having stopped there on his return from Michigan, where he had been attending a meeting of agricultural experts."

Prof. Rolfs is director of the experimental station at the University, and is very popular here. His friends will sympathize with him in this thouble.

TEACHERS' EXAMINATION.

Concluded Friday, After Being in Session for Four Days.

After a session of four days, beginning Tuesday, the annual examination of applicants for teachers in Alachua county schools came to a close Friday afternoon.

The examinations were conducted under the personal supervision of Dr. J. L. Kelley, county superintendent, assisted by Hon. R. B. Weeks of Hawthorn, chairman of the school board, Miss Serena Shannon of this city, and Prof. Bell of Waldo.

There were fourteen white applicants, only two of whom were males. The number of colored teachers taking the examination was twenty-three.

The papers are now in the hands of the grading committee, and it will be several days before the report will be made.

Applicants for position of teacher in Alachua county must pass a very rigid examination, which accounts for the fact that this county enjoys the reputation of producing the most competent instructors in the State.

Dobbins-Manning.

Married in East Gainesville, Saturday morning, Arthur E. Dobbins and Miss Nancy E. Manning, Rev. Thos. P. Hay of the First Presbyterian church officiating.

These young people are well known in this city, and their numerous friend extend congratulations.

HARD ROADS ARE BOUND TO COME

Excellent Progress Is Being Made In Extending the System.

THE EAST END ROAD

It is Being Constructed Under Direction of Overseer Waits, and Will be One of the Best Pieces of Road Building in the County.

The work of building roads continues in Alachua county and it will not be many years, if the present enthusiasm and support continues, before Alachua will contain as many miles of road and constructed under as substantial conditions, as can be found in the State. The people are becoming educated to good roads, and are demanding them, as is evidenced by the voice of the people, who are voting for special road districts every year.

The Board of County Commissioners who are all good roads advocates and believe in a perfect system of roads, have been working in this direction for the past three or four years, with the result that the county is now making fine progress, and a road "gang" is being kept busy constructing roads in every direction from Gainesville.

The road team has recently completed an extension of the Newberry road as far west as Hogtown creek, and are preparing to build further. It is to be regretted that Overseer Thigpin, who, with Overseer Waits, was in charge of this stretch of road, sustained a broken leg by a runaway a few months ago, from which he has not yet recovered, for this calamity had a tendency for a time to check the progress of road-building.

Overseer Waits has a good force of men at work on the Gainesville-Prairie Creek road, and is making fine progress on this thoroughfare. The last report gives about a mile and three-fourths added to the extension, which means that the people of the East End will have a much better roadway to Gainesville for a distance of six or eight miles.

NOTICE.

Take notice that I will, on the first Thursday of July, or as soon thereafter as I may be heard, apply to the pardoning board of Florida for a pardon for Steve Timmons, who was convicted of murder in the second degree at the fall term of the Circuit Court for Alachua county. Anyone desiring may then be heard on the merits of the application. Dated this June 3rd, 1907.

Querry—If the city cannot furnish water on the second story for bathing purposes, how is it to supply water for sewerage purposes?

The Tampa Chamber of Commerce favors holding the State fair in February, instead of November, as heretofore. The Sun believes the suggestion a good one.

Senator Knox of Pennsylvania is the latest candidate for the Republican nomination for President, having been unanimously endorsed by the Pennsylvania convention.

Tampa continues to grow in territory as well as in population. The Legislature added Fort Brooke to the "Cigar City" a few weeks ago, and now the city council is annexing all the other territory in sight.

Governor Broward has suspended from office Judge S. T. Shaylor, judge of the criminal court of record of Duval county, giving him until June 15th to answer the charges preferred. The frequent adjournments of court is said to be the cause of the Governor's action.

Like the Chinaman, alligators are very fond of rats. The two saurians in Joe Ettel's Brown House acquarium are daily fed with the rats caught in traps by the porters, and it is amusing to see the adeptness with which they catch the bait and swallow it. No rat has yet been able to swim across the pond before being "taken in" by one of the 'gators.

The many friends of Hon. A. C. Croom, Comptroller of the State of Florida, will regret to learn that he has been ill at his home in Tallahassee for the past several weeks. There is no disputing the fact that Mr. Croom is a most efficient State official, and he will have many friends who will give him ardent support should he be a candidate for re-election in 1908.

Albert H. Roberts of St. Petersburg, Tallahassee correspondent of The Tampa Tribune during the recent session of the Legislature, is one of the coming newspaper men of this State. Many instances occurred when the oldest newspaper veteran would have found it difficult to "cover" three or four important events at the same time, but young Roberts was always equal to the emergency.

T. A. Jennings of Pensacola is going to make a hard fight for the Governorship when the proper time arrives. He is a native Floridian and is possessed of a geniality which makes him easy of approach by all classes of citizens. It has been our pleasure to have known Albert Jennings since 1894, when he was elected a delegate to the National Democratic convention that nominated Bryan for President, and we have always admired him for the stand he took in that convention. The Sun is of the opinion that he would make Florida an honest, impartial, non-factional chief magistrate, and such a man will be needed in the gubernatorial office after 1908.

THE GOVERNOR AND THE PRESS.

(From The Live Oak Democrat.)

For the sake of The Pensacola Journal, if for no other reason, Governor Broward, who apparently has no very flattering opinion of the Florida press in its entirety, should magnanimously concede that the State papers are not without their good uses, after all, even, though some of them are such refractory sinners and persistent critics of his policies.

Without being in the least fulsome, The Journal of Sunday makes the Governor the subject of a leading article reviewing his career during the past three years and concluding that he is "the most remarkable man in the State today." It is a capital tribute from a friendly source, and with much of it even Governor Broward's enemies will agree.

Our chief executive is beyond question a man of strong character and mentality, something of a Roosevelt in his way, and with convictions so intense that he falls into the error of sometimes impugning motives as honest as his own and holding a well maintained difference of opinion on public issues as the crime of lese majesty itself.

Governor Broward has no reason better than his predecessors generally and other Governors throughout the Union for disliking the press and making it a theme for his contemptuous disparagement. He has been criticised freely but fairly, as a rule, in his public capacity, and this is inevitable in the case of every man in high administrative station. In fact, he has been fortunate beyond many of his contemporaries, for in his case the storm of criticism that has beat upon the Governor has always spared the man and left his personal integrity and patriotic desire to promote the welfare of Florida unassailed.

The most useful function of the press, outside its work as a news purveyor, is not to praise and coddle, but to use its argus eyes and its trained intelligence to find the faults and flaws and weakness in mundane things, including Governors and their policies, with a view to their correction. And if there were no newspapers to perform this thankless task for the great body of the people it is as sure as sunrise that things would soon get in a very bad way in this country; honest representative government would go to the dogs, and out of the succeeding chaos would sooner or later rise the despotism of a one-man power, which a free press, honest in purpose, and fearless, even though often wrong in criticism, is now the chief agent in making a practical impossibility.

We don't know what the people of Florida are going to do with this big, resolute Governor up at Tallahassee after his next term expires, and he he has preserved a fascinating silence as to his own future ambition, but we can tell him with entire confidence that he should obey the Scriptural injunction when he leaves the Governor's office and love even his enemies of the Florida press, for not one of them but has helped to add to his political bulk and prestige, and if the criticism that has enraged him had been withheld, he would have been deprived of one of the most effective agencies for making him a notable figure in the annals of his State.

PROFESSIONAL LABOR LEADERS.

It is a great thing to be a preacher, says Rev. Charles Stelzle. That is, the right kind of a preacher. One whose sympathies are as broad as humanity, and as high as heaven. There is no occupation which today has greater possibilities in it for manly men. It is far from being an out-of-date job. Nothing may be made more modern, because it touches men at every point of the lives.

But we can't all be preachers, neither is it true that the minister has a monopoly of the opportunities which are coming to men for the building up of a higher type of manhood and womanhood. Two of England's most prominent and most successful preachers recently said that if they were not in the ministry, they would try to become labor leaders. Others in this country have also said it. The difficulties in both positions are very much alike. The demand for sacrifice and for never-ending toil is ever present—the same misunderstanding, the same abuse, the same lack of appreciation. But both the preacher and the labor leader have the same reward—the consciousness of having been the means of blessing to a common humanity.

There is many a fine, conscientious Christian fellow in the shop who has long had a desire to study for the ministry, but for various reasons, he has been unable to do so. There is another opening in life for him, if it is his purpose to unselfishly devote himself to the task of redeeming men from the lower things in life—he may become a Christian labor leader. There is need for such. True, there are many men in the labor movement who are Christian men—men who have the spirit of Christ—and that must be the final test of any man's Christianity—but there should be many more who would be willing to make the labor movement their life work, with the same motive that prompts the true minister of the gospel. Some day this vocation will attract the choicest men in the labor world. Then will they cease making it a stepping-stone from the ranks of labor. Rarely is there a man of the so-called upper classes who could enter into such work with all the necessary qualifications. When this takes place, labor will have champions who will be able to meet any opponent. The dawning of the day is not far distant.

MAY BE EXTRA SESSION.

The following is from The Pensacola Journal of June 5th:

"Hon. R. Pope Reese, Representative from Escambia county to the Legislature, has returned from Tallahassee, where he has been for the past sixty days attending the sessions of that body.

"Speaking to a Journal representative yesterday afternoon, Mr. Reese stated that the commission to investigate the acts of the trustees of the Internal Improvement fund, will convene for its first session in Tallahassee on June 18.

"The commission is composed of Syd L. Carter, as chairman, and Park Trammell, secretary. The other members, composed of both Senators and Representatives, are George H. Matthews, M. O. Knight, R. P. Reese, Senator Leggett and Senator Fred Cone.

"Mr. Reese stated yesterday afternoon that it is his opinion that two or three months will be consumed in the investigations into the acts of the trustees, as the investigation is to be very thorough and will cover transactions as far back as 1855. This work will be continued at Tallahassee until it is completed.

"It is the general belief, Mr. Reese says, that when the commission completes its investigation and presents its report to the Governor, the latter will call a special session of the Legislature, though he has not as yet signified such an intention."

According to Albertus Vogt, who first discovered phosphate in Florida, says The Times-Union, there is not enough money in the entire world to pay for one-half the phosphate in Alachua, Marion, Citrus, Levy, Hernando, Polk and DeSoto counties. Yet with all this mineral wealth in the State, it has been the habit of some Floridians to pooh-pooh the idea of a geological survey. The decriers of geological science as an economic adjunct to the State's prosperity, however, have either become converted or are now holding their peace. We shall never know how rich Florida really is in mineral wealth until a thorough geological survey has been made. In the one article of phosphate, Mr. Vogt's remark in a communication to The Tampa Tribune that the phosphate business alone would support millions of people for centuries in Florida, without other resources, is a pointer to immense possibilities even if Florida were as barren otherwise as her enemies occassionally proclaim our teeming and fertile State to be.

Several of the State papers severely criticise Governor Broward for refusing to surrender Claude L'Engle to the sheriff of Manatee county, to answer to five indictments for criminal libel. The indictments are the result of articles published by L'Engle in his Florida Sun regarding John A. Graham, Democratic nominee for the Legislature. It is claimed that Governor Broward commanded the sheriff of Leon county not to serve the capias from the Manatee county court. The final outcome of the case will be watched with interest.

Judge A. O. Wright, a veteran journalist known throughout the State, has been nominated for judge of the municipal court of Jacksonville. A more worthy successor to the lamented Judge Dzialynski could not have been named.

A STRONG INSTITUTION.

The Dutton Bank, successor to the Dutton & Co. institution, has applied for a patent to Governor Broward, notification of which was published yesterday.

Dutton & Co. has for many years been recognized, by the business world, as a strong, reliable banking institution. The fact of the retirement of its officers from active business caused an expression of regret from its many hundreds of well satisfied clients. To perpetuate its sterling business methods, and its integrity, the good-will and real property of the institution has been purchased by a new corporation, which has applied for letters patent as stated above.

The new association will undoubtedly at once earn for itself the same note, for conservatism and quality, as was accorded the older institution, for its board of officers is made up of the names of our most distinguished citizens, as well as men strongly identified with the progress and welfare of our municipal life and civic advancement—men who have, by their conservative business acumen, advanced Gainesville values to a point which has brought our city into the strong light of public notice as a desirable location for investment. Now that they have formed themselves into an association, their splendid energy will be at once felt by a redoubled activity along those lines making to a greater Gainesville, for the effort will be of association rather than of individual as heretofore.

The success of the bank is at once assured, for the faith of the people, which primarily is responsible for the upbuilding of such an institution, will give liberal support to such a coterie of honorable gentlemen and men of business.

The influence of a corporation of the character is tremendous, and from the life-long example of each individual member, going to make up the ensemble of the board of directors and officers of the new concern, it is safe to say the influence of this particular corporation will be for all that is good, conservative and advancing to the interests of our city.

The Hon. W. R. Thomas, Messrs. C. W. Chase, H. F. Dutton, J. G. Nichols, G. K. Broome, S. J. Thomas, J. A. Maultsby, J. B. Padgett, W. W. Hampton, W. B. Taylor, J. H. Vidal, H. E. Benson and P. H. Baker are the share-holders of the capital stock. With the names of such judicious business men behind it, the new Dutton Bank deserves the confidence and liberal support of the public.

The Live Oak Democrat refers to the "passing" of the recent Legislature as follows: "The Florida Legislature passed into history last night, May 31, and all nature seemed to rejoice over the fact. The forest birds were out in force this morning, singing their sweetest tunes; the Florida hen cackled with a different voice, the rooster crowed in a more musical way; the atmosphere more pleasant, the leaves appeared a brighter green, the old town cow meandered with a quicker step; the stroke of the town clock sounded more in unison, and in fact all nature seemed to rejoice that it was all over."

Col. John L. Neeley, former secretary of the railroad commission, but now a leading attorney of Tallahassee, will probably be a candidate for railroad commissioner in 1908. Col. Neeley was at one time a resident of Gainesville, and his old friends here would be delighted at the opportunity to vote for him for the office, which he is eminently qualified to fill.

The Lake City Index says it is reported that Hon. Eugene Matthews, editor of The Starke Telegraph and Representative from Bradford county for the past two terms, will be a candidate for State Senator from the Thirteenth district next year. Better be careful, Gene, how you "buck" Doc Crews.

R. C. Dunn, for the past five years secretary to the railroad commission, will be a candidate to succeed Commissioner John L. Morgan, who will not be a candidate for re-election. Mr. Dunn is editor of The Madison Recorder and is well known throughout the State.

With a few exceptions the merchants of Gainesville are the poorest advertisers in the country. All efforts to show them the value of printer's ink is a waste of breath—unless it is in the way of a "free puff."

CRIMINAL OF A CENTURY.

Each century in history has produced at least one master criminal, says The Atlanta Constitution, whose deeds stand out with a revolting clearness that gives him immeasurable distinction over other men or women who have wantonly stepped outside the pale of human and divine law.

Taking the testimony from his own lips as guidance, it is likely that Harry Orchard, chief witness for the prosecution in the famous Haywood trial, will be written down as the most glaring criminal product of the century in which we are now living.

By whatever means Orchard's evidence was secured, whatever immunity has been promised him, is irrelevant to the issue. The man is his own accuser. He has written his own indictment. Calm of manner, steady of nerve, no muscle of his face twitching as he unreels his astounding recital, he supplies each single one of the elements demanded by that great master of criminology, in the horrifying outline he has drawn of the ideal murder.

Human life seems to have meant nothing to this man. The abrupt ending of one man's existence, or the snuffing out of fourteen lives, appeal to him, apparently, as possessing all the ingredients of the commonplace. The lust of blood appears to have been prolific in breeding and interbreeding itself, and reproducing its ghastly spawn in endless quantities. The ghost of his victims do not rise up to confront him, as, with the nonchalance of an after-dinner speaker, he strings together the red and brutal story that sickens even the morbid listening audience.

One reads with amazement as the chapters come, unhesitating, from the imperturbable man in the witness chair, and is moved to ask—has he anything in common with human nature? Human nature, with all its saddening frailties, presents at times its redeeming and softening qualities. Not so with Orchard. If the man ever possessed the capacity of emotion, it appears to have been stricken from his soul. One looks in vain for the touch which shall mark him as one with flesh and blood, and is tempted to speculate if, like Stevenson's repulsive creation, Hyde, he does not stand unique among his fellows as evil—evil, all unmitigated and unblended.

If the revelations had been forced from him by the pincers of the law, or under the pitiless cross-examination which sometimes undermines the endurance of the most callous breaker of the law, it would be different.

But the man, seemingly without coercion, with little coaching, of his own volition, unwinds a chronicle of atrocities standing without counterpart in modern criminal jurisprudence.

Will he rank as the master criminal of the twentieth century?

Fennell and His Patent.

Sheriff L. W. Fennell has always enjoyed the reputation of being the most humane sheriff in the State. It it not only the prisoners he looks after as regards humane treatment and comfort, but he extends his practice to the dumb family, for which he has a sense of high regard.

Mr. Fennell is a great dog fancier, as is evidenced by the number of canines he has on hand at all times. With a view to their comfort, he has compounded a mixture, a kind of insecticide, which he is using as a preventative for fleas, and which he declares is the best he has ever used.

Mr. Fennell is seriously considering a patent on this insecticide, and in that event it will be placed on the market. It can be sold at a reasonable figure, and there is no reason why Sheriff Fennell could not make a good thing out of the venture.

MAN SUDDENLY BECOMES INSANE

G. W. Crabtree Is Removed From Hospital in Jacksonville.

WAS PUT IN COUNTY JAIL

The Unfortunate Young Man is From Goldsboro, N. C., and is Highly Connected—Relatives Have Been Notified by Friends of His Family.

Jacksonville, Fla., June 7.—G. W. Crabtree of Goldsboro, N. C., who has been an inmate of the St. Luke's Hospital since Tuesday night last, developed dementia last night to such an extent that it became necessary to remove him to the county jail for safe keeping.

On last Tuesday night Crabtree arrived here on the Seaboard Air Line train from Fernandina. He was noticed acting queerly by D. O. Nay, of this city, who was a passenger on the train, and whom Crabtree approached as the train reached Jacksonville and handed him a package of papers, memorandum books and $20 in cash, requesting Nay to keep them and asking Nay for his card, which was given him. Not caring to be responsible for the man's property Nay turned it over to the police and explained how he came in possession of it.

In the memorandum book, under the head of identification, was written the following: George W. Crabtree, Goldsboro, N. C. Case of accident notify Mrs. G. A. Southerland, Goldsboro, N. C. The name of Mrs. George W. Crabtree had been written, but scratched out and the name of Mrs. Southerland substituted.

A certificate showing that one John W. Jones has been dismissed from the insane asylum at Los Angeles, Cal., December 6, 1906, and signed by Medical Superintendent A. P. Williamson, was found in his papers.

There are several people residing in Jacksonville who know Crabtree, and members of his family in Goldsboro. They endeavored to locate him Tuesday night, but failed. On Wednesday morning he was located at St. Luke's Hospital, where he went himself and entered the institution as a patient.

Last night the young man developed symptoms of dementia, and his condition became such as to make it necessary to have him removed to the county jail. The police ambulance was summoned and the patient was taken from the hospital and placed in a cell at the county jail. Crabtree was armed with a Colt's revolver and the weapon was taken possession of by the officers, also the young man's watch.

Friends interested in Crabtree's welfare have notified relatives in regard to the matter, and, no doubt, some of them will come here to take charge of him. Unless this is done it is expected that Crabtree will be examined and if found insane will be ordered committed to the State insane asylum at Chattahoochee.

HIGH SPRINGS HAPPENINGS.

Several Social Gatherings in That Town During the Week.

High Springs, June 7.—The Pythian Sisters held an election of officers on Wednesday night, which resulted in the following: Mrs. G. W. Easterlin, M. E. C.; Mrs. Gordon Hunter, E. S.; Mrs. W. B. Anderson, E. J.; Mrs. J. H. Salls, manager; Mrs. P. P. Wood, M. of R. C.; Mrs. H. McL. Grady M. of F.; Mrs. Sophie Sims, protector; Mrs. Leon Hatchell, guard.

There was a grand fish fry at Poe Springs on the 3rd, given by George Reynolds in honor of his sister-in-law, Miss Ida Baugh, of Athens, Ga. It was a delightful affair.

The ladies of the Presbyterian church will give a box supper on the evening of the 14th. It promises to be one of the most entertaining affairs of the season.

There was a card party at the residence of Mrs. Laura Dennis on the evening of June 4. Mrs. Warren won the lady's prize, and Mr. Mizelle won the gentleman's prize.

On Sunday, the 2nd, our town was saddened by the death of Mrs. Elizabeth Rice, mother of Mr. J. G. Rice. She lived for a number of years in Gainesville, but for the past few years has been a resident of High Springs. She was eighty-two years old in January. Mrs. Rice was a lady full of many Christian graces and beloved by all who knew her. The bereaved family have the sympathy of the entire community.

PETRE GOT THE CONTRACT.

Will Put Down the Pavement in Palatka, Aggregating Many Miles.

O. Petre, who has been constructing the sand-cement pavements in this city, has been awarded the contract for doing this work in Palatka. Mr. Petre stated in conversation with a reporter of The Sun that the price received was a great deal higher than the bids for Gainesville, or the prices he was receiving here.

Mr. Petre has accomplished remarkable results here. He has constructed miles of hard sidewalk pavements at a cost which he declares has not been profitable, and altogether he claims that he has been the loser.

There is one fact, and that is that Contractor Petre has given us a good walk. If he has not "made good" on the contract that is his own fault, but he has given the people a service which is appreciated.

MICANOPY NOTES.
